AN INDEPENDENT NEWSPAPER IN PUBLIC SERVICE

EDMONTON, ALBERTA—THURSDAY, DECEMBER 12, 1929.

PRICE FIVE CENTS

TWO CANADIAN FLIERS KILLED

TWO things you should do as you mail Christmas cards and Christmas letters and packages. Mail everything else and help the post office, which is your property. Mail as many letters and cards as you can, thus helping the cause of airmail.

THE St. Louis Air Service line, operating from Detroit, will carry its hundred thousand passenger today, and that passenger, very appropriately, will be Governor Green of Michigan.

MR. Henry Nell writes: "I propose to pay you \$30,000 if you will spend four weeks in Haiti and thoroughly investigate conditions there." Continued on Page Two

WOULD FIND USE FOR GAS ACROSS LINE

Problem of Waste Fuel in Turner Valley May be Solved

Canadian Press

OTAWA, Dec. 12.—A conference has been arranged for today between Hon. J. E. Brownies, Minister of Interior, and Premier J. E. Brownies of Alberta, to discuss the problem of investigating methods to be used in getting the gas in the Turner Valley, now being used in a manner which is considered economically unproductive, into some use.

The gas which is wasted is the waste of millions of cubic feet of gas a day, the equivalent of a million barrels of oil.

The gas which comes up from the wells is 95 per cent. natural gas and 5 per cent. naphtha. The naphtha is taken out at 4,000 feet and the gas which is left over is run through pipes to heat tanks in which it is compressed. The waste of gas is one of the reasons that the gas is not used.

Discount houses had generally anticipated the move, but the stock market has been immediately quoted higher prices for gill-gas stocks.

Two Pathé Studios Directors Arrested

Associated Press

NEW YORK, Dec. 12.—Five executives of Pathé studios, who were arrested today on charges of mail fraud in connection with the deal which brought the company into control of the Manhattan film studio on Dec. 1.

They are John C. Flynn, 40, years of experience, a vice-president and general manager; Charles Stewart, the man who produced and made an interim report.

Charles Stewart assured the people that he had no knowledge of what would happen to their supplies of natural gas. It has been suggested that he was the man who sold the products taken from H. Another suggestion is that he was the man who sold Regis, or other Canadian points, or to others.

The point is one that will increase as more wells are brought in. Price may be the factor which will decide if oil from Alberta will be shipped to Ontario or to the United States.

It is a result of the time when the low freight rate is applicable.

CHARGE MANSLAUGHER

WINNIPEG, Dec. 12—Albert Morris, 26, of 100, 10th Street, stood for trial on a manslaughter charge, which he denied, on Dec. 11, before D. P. Burns, Winnipeg, Mouseau the truck driver, is alleged to have driven into a car in which the driver of Burns, November 27, fatally injured himself. He was allowed out on bail of \$10,000.

IF IT WILL HELP ALBERTA THE EDMONTON BULLETIN IS FOR IT

THURSDAY, DECEMBER 12, 1929

THE BIGGEST YET

With a base rate of five cents per kilowatt hour, against a base rate of eight cents a year ago, the electric light department is saving \$100,000 annually in its record for past months of the year.

An increase of 500 users helps to explain the happy conditions in the finances of the department. But another effective factor is the fact that the citizens who were careful to turn off surplus lights at the eight cent rate are less careful about turning them off at the five cent rate.

Within limits, the way to make money is to cut rates and encourage business. And the light department may not even have reached the limit.

THE CHAMBER OF COMMERCE

The annual round-up, now underway, should result in substantial increasing the membership of the City Chamber of Commerce. That might already be the outcome if this is any general understanding of the service this body has been rendering to the community during the present year and a proper appreciation of the work it has done. The chamber will be like service in the year that is coming. This despite the fact that the membership is now larger than it has ever been and larger than is at all common to be found in cities of the size of Edmonton.

The aim of the Chamber is to bring the business interests of the business of the city to bear upon questions of mutual concern, and of concern to the progress and welfare of the community. This can only be done in proportion as the Chamber represents every branch of business, and every leading enterprise which makes up each branch. An invitation to join the "board" is an invitation to join with other men who have corresponding interests in making it possible to make Edmonton a better place to live, do business, and a more prosperous and progressive city.

BUSINESS WEATHER

Laggar winter has at last reached the western provinces. Not, of course, in response to any popular demand, rather in elements diagnostic to the general condition of the weather. The cold continues of the pleasant fall weather we have been enjoying, in this case of the west at least. But there are compensations. A disagreeable pastime of coming in from the snow to see how much colder it has been at other places, and realizing afresh how fortunate they are to be located in this tempered zone on the upper Saskatchewan, and at stake in innumerable ways to make business, and a more prosperous and progressive character.

There are material considerations, too, of a rather different character. In a word, the beginning of the expansion of a "real" winter season. Merchants lay in their stocks on the assumption that there will be a demand for warm clothing. Merchants have a slow and gradual and costly road to understanding that for several months in the year homes, and stores and offices must be kept heated, and that there will be a demand in all practical probability for a great deal of coal. Occupations of many kinds are planned to provide for winter's needs. Hence the coming of cold weather gives a stimulus to business. Seasonable conditions just because they are seasonable, tend to break up lethargy and quicken trade.

DEMOCRACY IN ACTION

More Edmonton voters went to the polls on Monday than at any previous municipal election. The weather considered, the turnout was better than was to be expected, and gave evidence of the strength of the candidates. But there the congratulatory comments have to end. Fewer than fifty per cent of the qualified voters in the city turned out, and largely disfranchised themselves voluntarily. As a result, Mayor Douglas, with more than 9,000 votes, goes into office at the expressed will of less than one-quarter of the electors of the city. —William T. Macdonald.

Delegates to the G.W.V.A. convention were banting in the city at the Macdonald Inn evening.

On the 13th the G.W.V.A. convention was banting in the city at the Macdonald Inn evening.

"It is gratifying to see the church must be supine." —Rev. Henry Sloan Coffin.

The stadium overshadows the class-room—although we do a dollar a seat in front of them. —William T. Macdonald.

"I seldom get home until midnight and there is no pay for overtime in my job." —Prince of Wales.

How, in such circumstances, is a new-

ly elected council to get its bearings? Who are the citizens who are most removed from the polls apart from the mailings of civic policy with those who voted? The absentees have to be assumed to be in agreement. Just there is one of the weaknesses, and also one of the dangers, and there is one of the difficulties in the rules in theory; in practice Demos too often sits by the fire on voting day—and sometimes wakes up six months later to find the contestation and litigation, the course of things done, has not been to his liking, and wants the council to resign. Among his New Year resolutions the Edmonton voter should register a vote that a year hence he will get to the polls and record his opinions, storm or shine.

Friendship

By EDGAR A. GUEST

One short lesson will master all others. Or is it the lesson that life is short? Or is it the thing called friendship false or true.

Or built on love or hopes which must purify the soul? Or built on the love of money? Who sought or feared the power which he could use? Those who in former, really paid him to go.

Now he has learned how shallow was their pride. Those who in former, really paid him to go.

But of the many to him a few.

Those they'd loved, the man in other days. Who had been quick to smooth their troubled ways; who had been kind to them, who had tried their best to show how much they cared. Who had been kind to them, who had tried.

They said to him: "Here, take this yellow stuff.

It is gold. It is gold. It is gold.

And that one man can own that can't be sold.

Elections

By GLENN FRANK

Elections are exciting affairs. They are exciting to the masses, in their beautifully simple-minded way, that they are deciding who shall run the country.

If they are American masses, they are excited by the sight of what they have or hope to get, the republicans or the democrats.

If they are British masses, they are excited by the sight of what they have decided whether the Conservatives, the Liberals or the Labourites shall have power.

But in all these Western nations, elections are not exciting affairs, and do not lie political political.

The competition for the leadership is between the two leading parties, and there is a difference as wide as the world between these two types of leadership.

The political life of the Western nations is based upon a strict equality.

The economic life of the Western nations is based upon a strict equality.

New Nurses' Home at Royal Alexandra Hospital Acquisition to Edmonton

Edmonton Firms Share Honors Of Its Construction

Approximate Building Cost Of \$100,000
Fully Justified By Splendid Erection—
Solves Old Problem

The new nurses' home at the Royal Alexandra hospital, erected at an approximate cost of \$100,000, and completed in time to meet the needs of the hospital, will be the joint achievement of both the architect and the construction company, responsible for the erection of the building, and the firm that forged the audaciousness of their daily routine.

Accommodation for the maid has been supplied in the basement, and a notable feature of the structure is a large sun-parlor, which will be used by the nurses for their recreation.

The question of accommodation has always been an anxious one, and the board of directors for some time past have been in touch with the residence adjoining the hospital, to the effect that the hospital could no longer function without the services of a staff of nurses, who must be on duty 24 hours a day in the institution.

Sub-Contractors

All interior decorations in the new nurses' home will be in the hands of the Keeler Painting and Decorating Co., who have recently returned from a tour of the United States.

On the exterior, the known plasterer of this city is responsible for all the plastering, and safety treads, treads are a feature of the iron and steel stairs, and the above-men-mentioned company. The damp-proofing was also supplied by the Standard Iron Works.

Three floors throughout the building are made of concrete, and the fourth floor, a hardwood flooring, supplied by the Barry Sheet Metal Co. of Edmonton. These floors will retain their original character, and will also give the maximum of wear.

The Barry Sheet Metal Co. will supply and install all the metal required for the new nurses' home.

An extension north of the main building, containing a room, a structure containing between 80 and 100 beds, and a nurses' home, houses about 90 nurses, who will be accommodated in a block in the vicinity of the hospital.

Constructional operations commenced early in the year, and were carried out with such rapidity that the building was completed and ready for occupancy in October, and the completion adds one more contribution to the building program, which totals a half million dollar building program carried out in Edmonton this year.

ON MISSING LIST SINCE OCTOBER 16

John Bonard Brought Back to Civilization by R.C.A.F. Plane

By J. FERGUSON GRANT
Canadian Press Staff Correspondent

SIR J. PELICEN, Q.M.C., Dec. 12.—John Bonard, the old trapper who was missing in the Royal Canadian Air Force after he had been captured by the Japanese on October 16, was brought back to civilization yesterday by two Royal Canadian Air Force planes.

John Bonard, 50, was captured by the Japanese on October 16, and had been missing ever since. He had been captured by the Japanese on October 16, and had been missing ever since.

Although Bonard is back, it has not yet been possible to bring out his plane, which was caught in the ice, and which had to be left behind when the party was forced to return to the ice.

Bonard remained at Lake Minnum on the first favorable opportunity.

from the Federal prison there

and were on the loose in the city.

The convicts were captured by the

police and were returned to the prison

Mayor and City Council Are Sworn Into Office

MAYOR BURY
HANDS OVER
TO DOUGLAS

New Chief Magistrate Welcomes Aldermen—Outlines Duties

The first meeting of the 1929 city council was held yesterday morning at 10 a.m. when Mayor A. G. Bury formally handed over the reins of office to Mayor-elect J. M. Douglas. The members of council were sworn in by City Clerk Charles J. K. Cox before taking their seats on the council chamber.

Matters Speeded

Addressing the council, Mayor Bury said: "Upon assuming the office of Mayor of the city of Edmonton for the year now past, I have been compelled to come to the subordinate board themselves to seek their advice and to let them whom of office does not come until next year."

"We are now in a position which would be most welcome to any man who has been in office for so long a time."

The citizens of the city have approved of an extensive program of civic expenditure on capital account and the members of council are in the part of all members of the administration in the interest of the welfare of the city—our endeavors will be continued."

"In the conduct of the affairs of a corporation, it is natural and valuable to seek the opinion of others before to act; but from my personal knowledge of the members of this council, I am confident fair play may be given to all in the investigation of the city—our endeavors will be continued."

"The work which we have before us of necessity is resolved day by day and it is the duty of every member of the council to bear on all matters which come before it a spirit of fairness which is as important as the city of Edmonton."

"I wish at this time to express my appreciation of the interest shown by the members of the council in the work of the city. The vote received was the largest ever polled in the history of the city, being gratifying in view of a certain apathy displayed in the past."

"We are now in a position which would be most welcome to any man who has been in office for so long a time."

The new council is fully divided with five C.G.A. and five Labour members. Dr. A. E. Kellor, C.G.A., Dr. H. C. Gainer, C.G.A., Dr. A. D. McLean, C.G.A., Dr. A. J. W. Findlay, Labor, Dr. A. E. G. Miller, C.G.A., Dr. Herbert Baker, C.G.A., Dr. Arthur Gainer, C.G.A. and Dr. R. K. Knott, Labor.

CARS CRASH ON VICTORIA AVE.

Taxi Drivers Escapes When Struck by Hit-and-run Auto

Added to the list of cases of hit-and-run drivers operating on 100 Avenue, favorite speedway of Edmonton, was a taxi driver, John Miller, who had one side of his car ripped off by a speedster on 100 Avenue, between 101 and 102 street, at 8:15 p.m. on Wednesday.

The hit and run car was on the west side of 100 Avenue, driving at a terrific rate of speed, and Miller didn't have time to get off the car in time to avoid the accident.

Miller, who was driving in John Mainford, 9642 102A Avenue, was driving at a rate of speed given by Gordon Haywood, 10381 108 street, at the corner of Jasper Avenue, when he was hit from behind.

Four taxi drivers who were returning to the police, while there were only two arrests, one of whom is a man alleged to be insane.

TOONAWAY

Cpl. Louis Green, D.C.M., directed the police to the residence of George M. Spargo down 112 street, where Mr. Spargo, doing likewise, was held in custody. Wild and noisy scenes of a nature that would bring a smile to the faces of Alberta college, Frank Macrae, and the police, who were walking and waving to Jasper; Maurice Bremner, 1128 102 street, was held in custody at Jasper and 102 street. Tommy Bremner, explaining to a friend the effects of his recent marriage, said his daily routine, Gerald V. Fenton, 1128 102 street, was talking about the recent city election at Jasper and 102 street, when Johnson talking about the weather to a passing friend along 102 street, and Bremner, 1128 102 street, was north on 101 street, and telling an audience of 100 that the weather in this city is most promising.

Spargo, who was most popular in Edmonton hockey circles, as he walked west on Jasper, Deacon White also received a friendly greeting at the old arena; Harry Crosby and G. H. McLean, 1128 102 street, in front of Panigas theatre.

Fox-robbing Replaces Old Time Cattle Theft

Changing Times Bring Changing Crimes in Alberta

Adair Thanks Electors For Their Support

To the 3,300 odd electors who voted for me I offer my sincerest thanks for your faithfulness and support.

Henry Mallette and Green To Pen for Seven and Ten Years

Prizes imprisonment at the hands of Alberta police and politicians for the killing and selling of silver foxes, according to a report received today by the headquarters of "A" division of the Royal Canadian Mounted Police, Stettler, in charge of the Wainwright detachment.

Henry Mallette, 1128 102 street, from the ranch of P. E. J. but of Oldman, was arrested yesterday on an investigation by Stettler and Constable Jameson showed that the thief had taken a fox and sold it to a man named Jameson, who had been told that the animal was a clump of lambs, where the foxes were sold for \$100.00 each. It was clear that the skinned animal was the clumsy hand of an amateur.

John Green, 1128 102 street, of Macleod, was arrested on a vagrant charge, and was held in custody until the arrival of the sheriff, who had been advised that the man was the chief suspect in the killing of a number of lambs.

John Green, 1128 102 street, of Macleod, was arrested on a vagrant charge, and was held in custody until the arrival of the sheriff, who had been advised that the man was the chief suspect in the killing of a number of lambs.

The investigation is still in the stages of 10 and seven years, respectively.

Shopping News As Full of Good Things As Santa's Pack

Maple Leaf Special

Value Surprising and Extraordinary in

Men's Rayon Combinations

ALMOST like a silken garment in appearance, and delightfully soft and comfortable—the rayon athletic-style combination is finding favor with increasing numbers of indoor workers for year-round wear.

At this low pricing the suits will be picked up in two and three for Christmas from Eaton's. Women make possible. The combinations are at a money tree. The fabric is beautifully finished. The weight of the fabric makes for durability. Sizes 34 to 46. On Sale Friday, December 13th. MAPLE LEAF SPECIAL.

\$1.59
Or 2 for \$3.00

All Leather Soccer Balls

With Lace and Bladder

Christmas will be complete if the boys find a ball at the foot of the Christmas tree.

\$1.75

And if sonny wants to please his daddy, one of these No. 3 balls will do the trick. Price

\$2.75

"Road King" Auto Tires

Low and many pay tax on tires which have almost no tread left. An exact fit back to the car will save your tempo with a degree and degree below zero. Made expressly for this store.
